

Thank You Letter

G.W. Carver High School

Greater Inwood Partnership Endowed Scholarship

Dear Donor,

I would like to take this opportunity to thank you so much for funding the Greater Inwood Partnership Endowed scholarship. I'm more than appreciated for this award and will not take it for granted. It's such an honor to receive this scholarship and I can't thank y'all enough. My name is [redacted] I'm 17 years old and I just graduated from Carver high school.

I've decided to attend Lone Star College for the fall. After two years. I will transfer to Texas Southern University. My major will be business management and my minor is going to be theatre. My GPA is a 3.3 and my goal for this year is to find myself and push myself by using my full potential.

My future plans are getting through college and not giving up because I believe anything is possible. Through my college journey I hope to gain experience and learn exactly what I want to do in life. I know that it won't be easy but I like a challenge. I know that with the love and support I have, I can get through anything.

By awarding me the Greater Inwood Partnership Endowed Scholarship it has become a blessing to my life and lifted weight off my shoulders. Your generosity has uplifted and inspired me to prove myself worthy of this award. I hope that I can be able to help the future generations as you have done for me.

Sincerely,
